How does it work?

- All attendees will have access to a passport playing card in their mobile app upon arriving to show site
- Attendees must visit every booth listed on the playing card. Once the attendee comes to your booth, you will scan their badge and give them a code (show management provides codes) that they will use inside their app for contact-less gameplay
- Attendees are encouraged to learn more about the company on the passport in order to receive their unique code
- Attendees that have collected all codes for their mobile passport will be entered to win the \$10,000 on the last day of the show

- Company logo prominently displayed on signage at the event
- Company name, logo, and booth number included in all marketing material, digital and print, promoting the cash giveaway
