Product Specification Bootcamp at **hd** expo+ conference

Welcome to a pre-conference day at HD Expo + Conference designed so the design community can write the perfect spec. In collaboration with The International Society of Hospitality Purchasers (ISHP), five training modules with leading designers, brand leaders, owners, manufacturers, and purchasers will delve into the ins and outs of specifying casegoods, seating, textiles, lighting, and flooring. Think of it as a product bootcamp so attendees can write the perfect spec. But in true HD style, we will add a bit of networking and fun, and provide the space for attendees to ask all their questions. Plus, attendees will earn five CEU credits, a certificate from us, and are able to see the product up-close on the show floor the next day.

May 1, 2023

10:30am	11:00am	Arrival, check-in
11:00am	11:30am	Bootcamp Orientation Q+A Lunch
