## UPDATE YOUR COMPANY'S PROFILE

STEP  
02

It is SO important for you to update your company information as this info is the only way HD Exhibitor Hub attendees can find your company in the online exhibitor directory. Be as thorough as possible for optimal exposure!

From your [Exhibitor Hub](#) page, update as much of the information below that is available to you depending on your package level:

### 1. Add your company photos:

- Click on the 3 dots on the top right of the cover photo and click on Add Photo, Add Cover Photo and Add Featured Photo

The screenshot shows the Exhibitor Hub profile for 'MityLite & Holsag'. The profile includes a circular company photo, a large rectangular cover photo, and a featured photo area. A 'CLICK' button points to the three-dot menu on the top right of the cover photo. Below the profile, three callout boxes provide instructions for each photo type. To the right, a table lists the preferred photo dimensions for each type.
